**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a small business owner I want to support other small business and the freedom choose a local provider instead of the large companies like At&T that quite frankly provide lousy service for an extremely high price. The service I get from my local provider is internet and a land line, which is critical to me and my business. I refuse to give up my land line in order to appease the large companies. They insist on going to the digital phone service which I don't want because it will not work if there is a power outage for any reason. It's un-American to reduce competition, which will raise prices for everyone.

Sincerely,

Donnell Campbell
